

# THE WEST BENGAL NATIONAL UNIVERSITY OF JURIDICAL SCIENCES KOLKATA

## INFORMATION BROCHURE 2024

# VICE-CHANCELLOR MESSAGE

Legal education has evolved to meet changing needs and visions and has changed significantly over time. Its objectives have been multiple, or even ambiguous has been the extent to which it should focus on the skills necessary for actual law practical (The MacCrates Report). Global Law Deans' Forum 2013 organized by the International Association of Law Schools, Washington at National University of Singapore during September 25th – 27th, 2013 developed principles of outcomes of Legal Education in the form of Singapore Declaration. (Singapore Declaration on Global Standards and Outcomes of Legal Education.) It says that there will be three main outcomes of a legal education. These are broadly- Knowledge, Skills and Values.

Knowledge in legal education means to understand the nature of Legal Rules and Institutions, knowledge of and ability to use the most fundamental tools of legal research, understanding of the process of devising and implementing a coherent and effective research design. It includes identifying and formulating legal issues, formulating relevant legal theory, elaborating legal theory, evaluating legal theory and criticising and synthesizing legal argumentation.

Skills learning includes diagnosing a problem, generating alternative solutions and strategies, developing a plan of action, implementing the plan and keeping the planning process open to new information and new ideas. It includes fact gathering, factual investigation, organizing information, using effective methods of communication (orally and in writing), and how to comply with legal requirements.

Values a law graduate should know and understand the need to act in accordance with the professional ethics prescribed by the BCI and fundamental principles of justice and the rule of law.

Legal education is now passing through the intellectually liberating path of inter-disciplinary as well as multidisciplinary method of study to accept challenges of globalization and the new world order which is said to be as revival of Kantian 'law of peoples'. 'Justice', the core value of our Constitution must become central to law curriculum of Law Schools. Accordingly curriculum of WBNUJS has been designed with a move away from doctrinalism and giving much emphasis on practical approaches in legal education. Accordingly we have a wide range of optional courses and credit courses challenging the legitimacy of dominant juridical ideology.

Above are not all aspects of teaching learning process and research at WBNUJS but focus on only some particular interests of the University. These principles may be said as the base for our continuing discourse of exploring and identifying essentials of legal education and scholarship which will properly prepare our students to meet the challenges of the world they will inherit. We are always welcoming innovative ideas and suggestions.

## **SKILL LEARNING AND CO-CURRICULUM ACTIVITIES**

NUJS has a diverse and vibrant student community hailing from all parts of India, and includes several foreign nationals. While the key focus is academics, the students are also keenly involved in sporting and cultural exchanges and activities, with teams regularly excelling at various national level competitions. Student societies of NUJS organize five major annual events- the literary-cum-cultural extravaganza- Outlawed, the national sports festival- Invicta, the NUJS-Herbert Smith National Corporate Law Moot Court Competition, Justice Dr. BP Saraf National Tax Moot Court Competition, The NUJS-SAM Fintech Moot Court Competition and the NUJS Parliamentary Debate. These events attract enormous participation from the best law schools in the country.

Student societies also conduct popular year-round competitions in music, dance, painting, quizzing, debating, creative writing and sports. Adding colour to life at NUJS are the western and eastern music bands, which have proved their mettle at competitions all across the country. NUJS also has a vibrant SPICMACAY chapter, and has hosted performers like Pt. Hariprasad Chaurasia, Pt. Shiv kumar Sharma and Smt. Shovana Narain. Writer's Block, the college magazine, contains campus news, contributions in prose and poetry, giving students with literary inclinations the chance to showcase their talent. Students at NUJS are ever-aware of their social responsibilities. The Legal Aid Society provides a platform for students to apply the knowledge and skills acquired in the classroom and meaningfully contribute to the community.

The Society takes up legal causes of indigent people either independently or in association with other organizations, assists other law schools in setting up their legal aid clinics and programmes, organizes legal awareness camps and street plays in urban and rural areas, and conducts adult education and legal awareness courses for mess, housekeeping, security and other supporting staff of NUJS. Students have also begun assisting pro bono lawyers from Human Rights Law Network (HRLN) in pending cases before the Juvenile Justice Board in Kolkata. NUJS believes that it is only such holistic legal education that can create the well-rounded leaders of tomorrow.

The University has an enviable track record in moot court competitions. NUJS students emerged as the first Indian and only the second Asian team to win the prestigious Willem C. Vis International Commercial Arbitration Moot, Vienna. They have also been the proud winners of the ELSA Moot Court Competition, held in Dominican Republic. In addition, NUJS students have also won honours in Willem C. Vis (East) International Commercial Arbitration Moot, Hong Kong, the Stetson International Environment Moot Court Competition, Florida, Manfred Lachs Space Law Moot, Stetson International Environment Law Moot, Oxford Price Media Moot Court Competition, along with almost every National moot court competition of note. NUJS students have also won several essay competitions, attended and presented papers at conferences all over the world, and have secured regular publications in peer-reviewed journals of international repute.

With such a comprehensive academic and co-curricular programme, it is scarcely surprising that in the relatively short span of the University's existence, NUJS alumni have distinguished themselves in a range of careers, not only on the national but also on the international stage. NUJS alumni Meet is held now every year to strengthen bonds the University and the alumni for the purpose of leveraging the alumni community towards fulfillment of University's role in promoting cutting edge legal education.

The Student Recruitment Committee at NUJS boasts of a near 100% success rate in recruitment almost every year. Graduating students join leading law firms and companies in India and abroad, clerk with judges at the Supreme Court, and work towards the betterment of society with prestigious NGOs. Several alumni are litigators at the Supreme Court and various High Courts.

Each year an increasing number of NUJS students gain admission to prestigious universities in U.K. like Oxford and Cambridge, and Ivy League universities of the U.S. such as Yale, Harvard and NYU. Many of them have been awarded prestigious scholarships like RHODES, CHEVENING and INLAKS to pursue higher studies.

It further seeks to ensure that no student is forced to discontinue studies on account of financial constraints. With generous donations from individual donors and institutions, the University has built up a Scholarship Fund, proceeds of which are disbursed to students every year on a “need” basis. The Government of West Bengal has provided the University with a generous grant for revenue expenditure including supporting the ‘means-cum-merit scholarship’ granted by the University. Rupees 50 lakhs has been earmarked for supporting merit-cum-scholarship program. In addition to that 5% domicile students will be provided with full tuition waiver scholarship.

The alumni of NUJS have also instituted many scholarships. Arrangements are in place for students of NUJS to secure educational loans from any bank of their choice on mutually agreeable terms. NUJS aims to reach out to potential candidates across the length and breadth of India and abroad. It provides quality education to those hailing from the most marginalized and poorest sections of society. All efforts are made to provide free or subsidized education to such students. NUJS also offers separate scholarships sponsored by various donors. In addition, NUJS Students can also avail of various scholarship schemes sponsored by the Central Government and the State Government for underprivileged and economically weaker sections.

## **TOWARDS CREATING LEADERS AND SOCIAL ENGINEERS**

NUJS perceives legal education as a potent instrument that will help bring about improved social order contributing to national development.

Globalization has thrown up new challenges and newer issues of concern. NUJS students are expected to adequately arm themselves to combat these challenges for the future. The standards of conduct and rigor at NUJS are already quite demanding. Those who join NUJS are expected not only to sustain, but also to improve upon these standards. NUJS promises the best returns for their dedication, labour and committed efforts. In all, the NUJS experience will enable students to think out of the box and equip them with skills necessary to transform them into the social engineers and leaders of tomorrow.
